

Constantia Ecoflex
Ahmedabad
operational as of
September 2019

**DISCOVER THE REVOLUTION IN
HIGH-BARRIER RECYCLABLE
FLEXIBLE PACKAGING!**

With the **Ecolam** high barrier flexible packaging range **Constantia Flexibles** is re-writing the history of sustainable flexible packaging. This range of monopolymer laminates based on PE was especially developed to replace standard packaging with sustainable alternatives for the future – not compromising on oxygen and moisture barrier properties. EcoLam is fully recyclable & suitable for Home & Personal Care as well as Food products.
